

# RENT-TO-BUY CONCEPT

**At Frölunda Park, you're offered new production rental apartments with quick move-in and the opportunity for future purchase.**

## **This is Balders Rent-to-Buy concept explained briefly:**

- You rent the apartment on a short-term contract via HomeQ. This means your queue points aren't used up and instead continue to grow while you rent the apartment.
- Sometime between March 2026 and March 2028, you'll be offered the opportunity to purchase your home as a condominium.
- The price for the apartment will be communicated closer to the purchase offer.
- If you don't want to buy the apartment, other interested parties will be offered the opportunity to purchase the property.
